Jonathon Lee

Oaxaca, Mexico _____

Jonathon Lee has been involved with Central for a multitude of years now. He has a strong relationship with central and an even stronger relationship with the Lord. Jonathon is currently in Oaxaca, Mexico training and equipping the people who live there on who Jesus is and the call he has for all of us!

Missionaries of the month

Why Central?

Central has been my church home since 1990. I attribute nearly all of my spiritual formation to the discipleship I received at Central, and I see our ministry in Oaxaca as an extension of the body in College Station. Without Central, I do not believe we would be where we are today, both personally and in ministry. The spiritual support and financial support we have received from Central has been indispensable, and I believe future support in terms of sending teams to Oaxaca could prove to be invaluable to the ministry in Oaxaca as well.

Pray for an effective ministry and faithful leaders.

GARDEN UPDATE

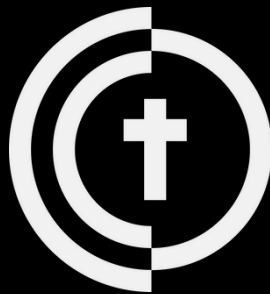

This summer:

Central Garden had quite a productive summer. We planted purple hull peas which exploded over the sides of the beds. Our faithful members came to assist in harvesting and shelling. We shelled peas for days on end!

Whats next?

Soon we will plant broccoli and cabbage. We are excited to announce the next set of raised beds, lights, and irrigation has commenced. Stay tuned for more!

MISSIONS FAIR

SEPTEMBER 29TH, 2024

DISCOVER LOCAL AND GLOBAL MISSION OPPORTUNITIES

Each year, Central puts on an event aimed at spreading awareness about missions. It is very easy to assume that missions is done overseas, away from home. However, that is simply not true. Jesus calls us to mission every day, in a grocery store, restaurant, even in your home!

This event presents opportunities for members to get involved with local and global missions. You may even be surprised about some of the ministries we provide at Central! Explore different tables and sign up to serve in various spots.

We cannot wait to see what God is going to do!
